7. Briefly describe the length of experience of the educator who will mentor the intern and/or the experience of the supervising educator/county team members. Our goal is to ensure the intern has a meaningful educational experience in which the intern learns the value and contribution of the Extension system and the impacts we produce for our clientele.

A Wood County intern will be gaining valuable experiences from an extremely tenured office staff. All Educators have a minimum of 25 years of service, with 4-H having one of the most tenured staff in Ohio. All staff work closely, and coordinate and deliver a multitude of programs to county clientele.
